

4 AND 8 PORTS MANIFOLD - NYLON

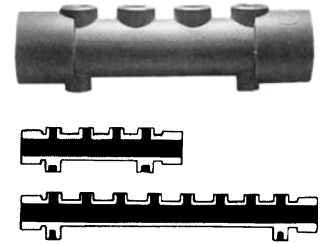

Features

- Each manifold provides 4 or 8 outlets for hoses or couplers
- Allows air supply to many tools from a single inlet
- Corrosion resistant

TEE UNION FOR PRESSURE GAUGE - NYLON

Features

- Distributes air in various points of the system
- Allows installation of a pressure gauge to verify air pressure in the line
- Perfectly adapted to all components of the AirMax modular air system (Series 13)

Part No.	A Thread (F) PT	B Thread (F) PT	C Thread (F) PT	D Thread (F) PT
64.0284	1/2"	1/2"	1/2"	1/4"
64.0294	3/4"	3/4"	3/4"	1/4"

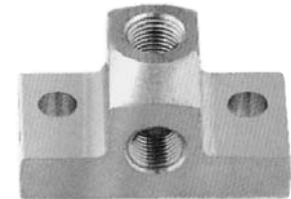

ELBOW BRACKET 1/8" - BRASS

Features

- Multiple use for fixed connections at 90°
- Solid brass construction
- Corrosion resistant

Part No.	Thread (F) NPT in.
64.1110	1/8" (x2)

MALE CROSS MANIFOLD 1/4" - BRASS

Features

- Brass cross fitting
- Distributes air in various points of the system

Part No.	Thread (M) NPT in.
64.1120	1/4" (x4)

Applications

- Eliminates the need to connect and disconnect line to change tools

Features

- To supply many air tools from a single inlet
- Each manifold gives numerous access for hoses and couplers
- Reduces costs related to manipulation and wear of tools
- Robust and lightweight

Specifications

Construction.

Aluminum body

3 PORTS MANIFOLD

Features

- Supply 3 air tools from a single inlet
- Each manifold accepts 3 outlets hoses or couplers
- Lightweight aluminium body
- Ergonomic and compact

Part No.	Inlet (F) NPT in.	Outlet (F) NPT in.	Numbers of ports
64.1210	1/4"	1/4"	3 ports
64.1215	3/8"	1/4"	3 ports
64.1218	1/2"	1/4"	3 ports

3 PORTS MANIFOLD

Features

- Ideal for quick couplers
- From a single inlet, allows air supply to 3 tools
- Anodized aluminum body

Part No.	Inlet (F) NPT in.	Outlet (F) NPT in.	Numbers of ports
64.1230	1/4"	1/4"	3 ports

Quick couplers not included

2, 4 AND 6 PORTS MANIFOLD

Features

- Supplies 2, 4 or 6 air tools from a single inlet
- Reduces costs related to manipulation and wear of tools
- Economical way of distributing air from a single source
- Rectangular form
- Anodized aluminum

Part No.	Inlet (F) NPT in.	Outlet (F) NPT in.	Number of ports
64.1270	1/4"	1/4"	2 ports
64.1280	3/8"	1/4"	4 ports
64.1290	3/8"	1/4"	6 ports

ALUMINUM MANIFOLD

Part No.	Inlet (M) NPT in.	Outlet (M) NPT in.	Number of ports
64.3642	3/8"	1/4"	2 ports
64.3644	3/8"	1/4"	4 ports
64.3645	3/8"	1/4"	5 ports
64.3646	3/8"	1/4"	6 ports

MALE 90° Y CONNECTOR

Part No.	Thread Inlet (M) NPT	Thread Outlet (F) NPT
64.2204	1/4"	1/4"
64.2206	3/8"	3/8"
64.2208	1/2"	1/2"

FEMALE 90° Y CONNECTOR

Part No.	Thread Inlet (F) NPT	Thread Outlet (F) NPT
64.2304	1/4"	1/4"
64.2306	3/8"	3/8"
64.2308	1/2"	1/2"

FEMALE CROSS CONNECTOR

Part No.	Thread (F) NPT
64.2404	1/4"
64.2406	3/8"
64.2408	1/2"

FEMALE CROSS ALUMINUM MANIFOLD

Part No.	Thread (F) NPT
64.2704	1/4"
64.2706	3/8"
64.2708	1/2"
